

SAFWAA FIRE PREVENTION POLICY

The risk of fire, particularly throughout the Adelaide Hills, is very high at certain times of the year, and rightfully the protection of the property and hence the owners livelihood is of paramount importance.

To ensure that there can be no doubt that the cause of any fire could be attributed to any SAFWAA activity, your Executive Committee has determined that there will be **NO FIRES OR NAKED FLAMES OF ANY KIND**, permitted on SAFWAA managed properties. PLEASE NOTE- THIS INCLUDES CIGARETTE, PIPES AND CIGAR SMOKING, BBQ'S AND GAS LIGHTS.

Please use the designated parking areas, remember that a hot or leaky exhaust can easily ignite tall dry grass! **REMEMBER** - These and any other individual requests by the property owners are not intended to hinder but **PRESERVE**.
